

THE MISSION OF UNIVERSITIES IN THE POST-WAR RECONSTRUCTION OF UKRAINE

Strategic guidelines for higher education institutions in post-war reconstruction of Ukraine to meet the needs of the state in the context of providing a skilled labor force for the restoration of territories and restructuring of priority economic activities

WHAT SPECIALISTS WILL POST-WAR UKRAINE NEED?

Infrastructure Specialists

Agricultural and Food Security Experts

Humanitarian Aid Workers

Community Development Workers

Environmental Experts

Economic Development Experts

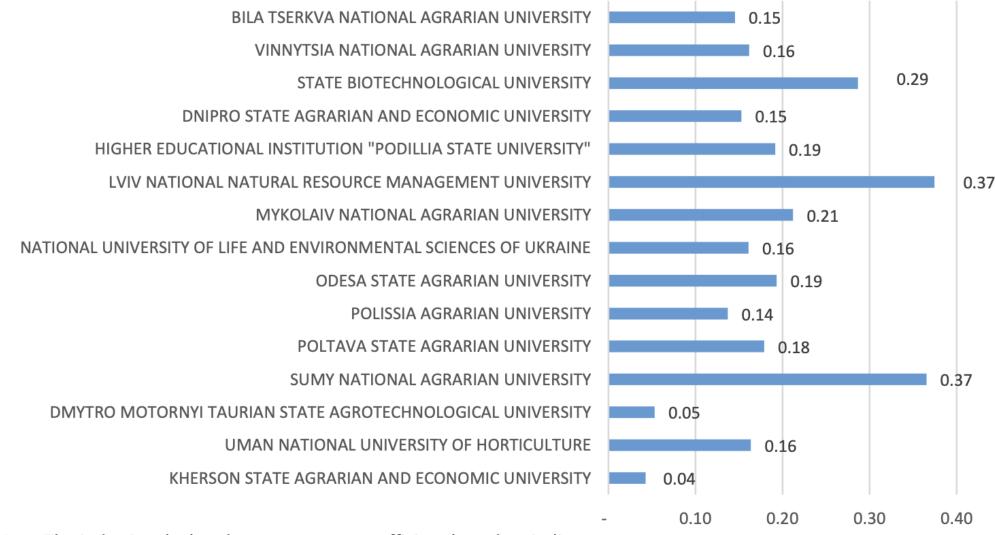

ARE HIGHER EDUCATION INSTITUTIONS READY TO MEET THE STAFFING NEEDS OF THE STATE IN THE MEDIUM TERM OF POST-WAR RECOVERY?

 ${\tt Case\, study\, of}\, Agrarian\, {\tt Universities}$

EDUCATION	Education 1: Increase/decrease in the number of applicants (Bachelor's degree)
	Education 2: Increase/decrease in the publicly-funded/fee-based education ratio (Bachelor's degree)
	Education 3: Increase/decrease in grade point average (Bachelor's degree)
	Education 4: Increase/decrease in the number of applicants (Master's degree)
	Education 5: Increase/decrease in the publicly-funded/fee-based education ratio (Master's degree)
	Education 6: Increase/decrease in grade point average (Master's degree)
SCIENCE	Science 1: Scopus publication growth/decline
	Science 2: Growth of the HEI h-index
	Science 3: Number of Erasmus K2 grants received (2021–2022)
	Science 4: Number of Erasmus Jean Monnet grants received (2021–2022)
	Science 5: Increase/decrease in the MES financing (science RB)
ACCEPTANCE	Acceptance 1: Growth/decline of positions in the Webometrics Rating
	Acceptance 2: Growth/decline of positions in the Top 200 Rating
FINANCING	Financing 1: Increase/decrease in HEI financing (general fund)
	Financing 2: Increase/decrease in HEI financing (special revenue fund)
	Financing 3: General fund and special revenue fund ratio

Figure 1. System of indicators for determining the University Integrated Stability Index

Note: The index is calculated as a taxonomy coefficient based on indicators.

Figure 2. University Integral Stability Index

ACADEMIC MANAGEMENT PRACTICE

Adaptation of the university's strategy to wartime conditions

Rethinking the potential of funding sources

International activity

Personnel policy

Prioritization of the scientific component

Improving rating positions

Thank you
